**DEMAND OF BERLIN  
FOR HOHENZOLLERN  
MAY BE NEXT MOVE****Conference of Allied Premiers  
Will Be Held to Determine  
Action.****A DIVISION OF OPINION****Return of William to His Home Land  
Is Not Just What the Powers Want  
and Effect of Such Step Causes Ap-  
prehension; Monarchists Gaining.**

By Associated Press.

PARIS, Jan. 24.—Conference between the allied powers of Great Britain, France and Italy will be held here before the next move in the proceedings to extradite former Emperor William from Holland is decided upon, according to information given the Associated Press by the French foreign office. Whether the next demand for surrender will be directed to the Hague, or Berlin will be the main thing to be determined.

The next meeting will be held in London but as no date has been fixed, and the matter cannot be left pending a long time the foreign office expressed the opinion it might be settled through diplomatic channels between Rome, Paris and London.

It is understood that at least one premier is not averse to asking Berlin to call for the return of Emperor William to Germany and then demand that Germany deliver him over to the Allies in accordance with the treaty of Versailles. Sentiment in official circles here is against such proceeding as there is no desire that the former emperor return to Germany. It is doubtful whether Germany would acquiesce and make representations to Holland and it is also problematical whether she would deliver up the erstwhile sovereign in the event she should obtain possession of him. It is also feared the presence of Count Hohenzollern in Germany would solidify the monarchist party which is reported to be gaining strength daily.

AMSTERDAM, Friday, Jan. 23.—Former Emperor William of Germany was not surprised by the formal refusal of the Dutch government to comply with the Allied demand for his extradition. It was declared today that the Benelux states where the former ruler makes his home. News of the decision was first communicated to the castle by the Associated Press correspondent here. A refusal of extradition had been expected from the first, the correspondent was told, but the castle residence had never been officially informed that such a decision had been or would be reached.

THE HAGUE, Friday, Jan. 23.—There may be a future exchange of notes with reference to the Allied demand for surrender of the former German emperor the government of the Netherlands is declared inclined to the belief that its decision will be considered as final.

**"BOBBY" BURKETT  
FOUND PARALYZED  
ON FLOOR OF HOME****Blind Musician Discovered by Jacob  
Mausherry, Neighbor Stricken  
Man Lives Alone.**

"Bobby" Burkett, blind musician, was stricken with paralysis this morning at his home in Hill street and in a serious condition. The man was found lying on the floor by Jacob Mausherry, a neighbor. With the assistance of neighbors he was removed to his bed.

Mr. Burkett was unable to talk a little and it was feared he was stricken about 6 o'clock.

Robert Burkett has been a resident of this locality practically all his life and has been blind since childhood. He formerly conducted small stores but of late years has made a living by playing a violin on the streets. He lives alone.

Mr. Burkett was among the few blind men able to travel alone. He could go anywhere.

**PROWLERS AGAIN BUSY****One Green Street Home Ransacked,  
Attempt Made on Another.**

Robbers were at work in Green street during the night, an attempt being made to enter the home of Mr. and Mrs. John Lindsay. The outside door leading to the cellar had been opened and the screws removed from a door of a small closet on the rear porch of the home. Entrance was not gained, the intruder evidently being frightened away. The attempted robbery was not discovered until this morning.

Friday morning the home of George W. Campbell in East Green street, was entered and the entire first floor ransacked. A pocketbook, containing \$2 and a bunch, was secured.

Pres. Hoffer Wilbur, Counsel for W. D. O'Donnell, Emil Peters and John J. Venek, promoters of the Presto Coal company, the operations of which were to be near Onondaga, this morning withdrew motion for a new trial in court in Onondaga.

**LESSONS ON THRIFT TO BE  
MADE PART OF EDUCATION IN  
SCHOOLS OF CONNELLVILLE****FINEST TYPE OF NAVAL  
RECRUITS ARE COMING  
FROM CONNELLVILLE****Is the Testimony of Lieut. Commander  
Perleman in Charge of the Pitts-  
burg District Station.**

Lieut. Commander Benjamin Perleman, U. S. Navy, in charge of the Pittsburgh district recruiting service, of which Connellsville is a sub-station, inspected the local recruiting station yesterday, after going to Uniontown, where a Navy recruiting truck will be located until Tuesday.

Commander Perleman stated that the Connellsville region furnishes the finest types of physical manhood for the Navy he has observed in all his experience as an officer.

Men of this stamp, he said, are sure to make their mark in the Navy and to be better prepared for civil life when their term of enlistment expires.

Commander Perleman was much impressed with the courtesy of the business men and townspeople in displaying the Navy posters, and also expressed appreciation of the assistance of the Connellsville newspapers in aiding the recruiting campaign. The theatres were also commended for their work in running Navy slides.

A large number of men will soon graduate from the various trade schools maintained by the Navy department for mechanics and artificers who are needed to operate the fighting vessels of the Navy. There will be many opportunities for bright young men mechanically or professionally inclined to fill vacancies made by these graduating classes for machinists, electricians, carpenters, plumbers, blacksmiths, gasoline engineers, yeomen, musicians, or medical corps.

The Navy publicity truck is carrying Fayette county wide information about the Naval schools.

**HOOVER A "LIBERAL"****Former Food Director Not In U. S.  
Long Enough to Know Party,  
Says Senator.**

WASHINGTON, Jan. 24.—Charging that Herbert Hoover was "one of the go-betweens between Colonel House and members high in the British government during the negotiations preceding the entry of the United States into the war," Senator Reed, Democrat, Missouri, launched a vigorous attack today in the Senate against what he characterized as Mr. Hoover's "self-promoted boom for president."

"Hoover never cast a vote in the United States unless he has voted since this war to qualify himself," said Senator Reed. "When he was asked to want party he belonged he said he thought he was a 'Liberal.' Apparently he has not been in the United States enough to know the names of the political parties in this country and has to designate himself as a 'Liberal,' a British political organization."

**CYRUS T. BRADY DEAD****Clergyman-Author Succumbs to At-  
tack of Pneumonia.**

YONKERS, N. Y., Jan. 24.—Rev. Cyrus Townsend Brady, well known author and Episcopal clergyman, died of pneumonia at his home here today. He had been ill since Thursday.

A graduate of the naval academy and chaplain in the Spanish War, Dr. Brady had written scores of books dealing with adventures and battles on land and sea, most of them novels with a historical foundation. He was born in Pittsburgh, Pa., 61 years ago and was twice married.

**ROAD LAW ATTACKED****State \$50,000,000 Bond Issue Uncon-  
stitutional, Says Complaint.**

By Associated Press.

HARRISBURG, Jan. 24.—Equity proceedings which will raise the question of the constitutionality of the \$50,000,000 road bond issue amendment of 1918 to the constitution of Pennsylvania were inaugurated in the Dauphin county courts today by counsel for the Short Line Land company, which has offices in Pittsburgh and other western cities of this state.

Two Ill With Grip.

Miss Margaret Morton, employed at the store of the Aaron company is ill at her South Pittsburgh street home with an attack of grip. Miss Ethel Plenniken, also at the Morton home, is confined with the same malady.

R. C. Dunn Is Improving.

R. C. Dunn, who was injured a week ago when his wagon skidded and upset, resulting in a severe gash in his head, is getting along very well. He will probably be able to leave the Cottage State hospital next week.

Home from Hospital.

Mrs. H. D. Jarrett of Scottdale has returned home from the Mercy hospital, Pittsburgh where she received medical treatment.

Condition Better.

C. J. Poo, assistant superintendent of the Fayette County Gas company, is recovering from grip.

**System of Deposits of Cent and  
Up to Be Inaugurated  
Shortly.**

Connellsville and South Connellsville public schools and the parochial school will become active participants in the thrift program being carried out nationally by the government. Plans are being developed here for the purpose of having thrift become a leading factor in the institutions.

The plan was first broached in Connellsville about three months ago and received the approval of local educators. Yesterday a national representative in the thrift drive arrived in the city to aid in the inauguration of the movement.

Cashiers will be named in each of the schools and deposits may be made from one cent up. Each depositor will receive a book in which his or her deposit will be recorded. The First National bank will become depository. The bank has agreed to purchase and donate to the schools the equipment and stationery needed for carrying out the project. The bank will also pay the prevailing rate of interest on bank deposits, which interest will start on the first day of the month after the first deposit has been made.

It is expected the plan will prove a big success in the schools and the thrift workers hope to have at least 2,000 depositors before the end of the current school year. To stimulate interest in the thrift campaign, speakers will visit the institutions from time to time to address students.

**"JOE" BORK LEAVING****Aaron's Advertising Manager Takes  
Position in Chicago.**

The call of the big city and a more lucrative position will tomorrow take from Connellsville one of its most popular young men in Joseph P. Bork, advertising manager for the Aaron company, his work embracing the four stores of the company in Connellsville, Greensburg, South Brownsville, and Jeannette. Next week he will take up a similar line of work in Chicago.

Mr. Bork came to Connellsville about two years ago. Almost his first contact, in the pursuit of his calling, was with the newspaper offices and a close friendship was at once established because of his genial manner, while his ability as an ad writer and in the preparation of copy stamped him as one who knew the details thoroughly. Outside the newspaper he also had a host of friends who regret his departure and wish him success in the Windy City.

**TEETS GIVEN 18 MONTHS****If Blamable Party Certain Costs Term  
Will Be Reduced One-Half.**

George W. Teets, convicted in Uniontown of a bigamous marriage with Miss Ruth Hogstetter of Connellsville, was sentenced this morning to 18 months in the Western penitentiary. Should he pay the costs of prosecution and the expense of care for eight weeks while suffering from typhoid fever at the county jail hospital the sentence will be reduced to nine months.

The marriage with Miss Hogstetter, contracted October 27, 1917, was declared void.

**FIFTY AUTOS BURNED****Disaster Follows Dropping Match on  
Gasoline-Saturated Rag.**

After an employee had dropped a lighted match on a rag saturated with gasoline at the garage of Dague & Burkhalter at Bentleville, Washington county, this morning, 50 automobiles were burned, together with the garage.

The loss included a number of stock cars and many privately owned. That to the owners of the garage was about \$50,000.

**TWO TALKS TOMORROW****Pictures Will Illustrate Themes at the  
Y. M. C. A.**

One of the most interesting programs yet presented has been prepared for the meeting tomorrow afternoon at the Baltimore & Ohio Y. M. C. A. Two subjects, to be illustrated with pictures, have been selected and both are excellent.

One topic, "The Blue Bird," will interest the younger people who are invited to attend and the other, "The Prodigal Son," will appeal to older persons.

Joseph Rhodie Hurl.

One of the victims of slippery sidewalks this week was Joseph Rhodie of Park street, who two months ago broke an arm in a fall. No bones were broken in the latest mishap but "Doc" suffered a severe wrench of the knee.

Scott Klingensmith Improved.

The condition of Scott Klingensmith of Broad Ford, who has been suffering from inflammation of the appendix, is improved.

"Fat" Clark In Hospital.

V. J. Clark underwent a mastoid operation last night at St. John's hospital, Pittsburgh, and is getting along nicely.

**FATE KIND TO PUPILS  
AT IRISHTOWN; GIVEN  
TWO HOLIDAYS IN WEEK.**

On account of the slippery condition of the mountain roads Miss Margaret Lehman, teacher of Hennessey school at Irishtown, Dunbar township, was unable to reach her school Friday. The roads were in a glare of ice and it was dangerous to attempt to use them. The ice did not prevent roasting. Owing to the collapse of the stovepipe the pupils of Hennessey school enjoyed a half holiday Wednesday.

**FRIENDS OF IRISH  
FREEDOM READY FOR  
RALLY TOMORROW****Mass Meeting in Interest of  
Proposed Republic at Sois-  
son Theatre.****THE PUBLIC IS INVITED****Addresses Will Be Delivered By Per-  
sons in Close Touch With Condi-  
tions That Have Brought About  
Demand for Free Government.**

The Irish question will be fully discussed Sunday afternoon at the Soisson theatre by persons who know whereof they speak. Under the auspices of the local branch of Friends of Irish Freedom a mass meeting will be held at the theatre, beginning at 2 o'clock, at which time addresses will be delivered by persons in close touch with events in the Emerald Isle.

Mayor John Duggan will preside. Three addresses will be made. Rev. George Walker Buckner, pastor of the Christian church of Connellsville, will be the first speaker. During several years' residence in England, Rev. Buckner came in closer touch with the Irish situation than the majority of the people of America. He will have some interesting observations to relate.

The others on the speaking program will be Mrs. Mary McWhorter of Chicago, national vice president of the Friends of Irish Freedom, and Attorney William H. Lacey of Pittsburgh.

The meeting will be opened promptly at 2 o'clock. For this reason the committee in charge offers the suggestion that people of the League, Vanderbilt and Dawson communities take the trolley car arriving in Connellsville at 1:45 o'clock. Otherwise they will be late.

A special invitation is extended to the ministers of Connellsville and the region to attend. The movement is non-sectarian and the presence of all denominations will be welcomed.

The program follows: Mayor John Duggan, presiding; Overture, Kiferle's orchestra; Prayer, Rev. John T. Burns, pastor of the Immaculate Conception church; "Come Back to Erin," Mrs. John Dixon; Address, Rev. G. W. Buckner, pastor Christian church, Connellsville; "Believe Me If All These Endearing Young Charms," Mrs. McWhorter; Address, Mrs. Mary McWhorter; Address, Attorney William H. Lacey; "Star Spangled Banner," Kiferle's orchestra.

**"FLU" AT SCOTSDALE****Californians Visiting There Reported  
To Be Stricken.**

Two cases of influenza have been reported to Dr. N. F. Sisley, secretary of the board of health of Scottdale. The victims are Mr. and Mrs. Burrell Medger of Riverside, Cal., who are visiting at the home of Rev. and Mrs. Aaron Loucks of Scottdale. Mr. Medger is a brother of Mrs. Loucks. The cases are being investigated by the board of health. Dr. N. F. Sisley urges every case to be reported at once.

**NO "STARTING POINT"****Revenue Men Unable to Get Trace of  
Molasses Whisky, They Say.**

Although numerous reports have gone the rounds since the disappearance of 43 barrels of whisky from the bonded warehouse of the White Rock Distilling company Friday night of last week, the liquor has not been found, the officers say.

"We can't get a starting point," said a revenue officer.

**DUNBAR TOWNSHIP CITIZENS  
PREPARE COMPLAINT TO THE  
P. S. C. AGAINST WEST PENN.****High School Students Traveling  
on Cars Not Properly Pro-  
tected, Charge.**

Special to The Courier.

DUNBAR, Jan. 24.—Agging the controversy over transportation for the pupils of Dunbar township high school has been the center of the stage, but this time it is not over the payment of the fares, the school board having this year wisely decided to pay the entire transportation charges, but the trouble arises from the failure of the trolley company to furnish adequate protection for pupils at Leisening Junction where the tickets they supply require the pupils to change cars regardless of the condition of the weather or how hard the storm may be.

The tickets are not furnished in books as formerly, but in slips of four tickets each. Two of these tickets are labeled "School Ticket-Return Coupon." The face of the former reads: "Good for a continuous ride from Leisening Junction to Leisening Junction when used according to conditions on back hereof." On the back it reads: "Conditions: 1.—This ticket must be used between the hours of 7:30 A. M. and 6:00 P. M. on regular school days only. Not good on Saturdays. Sunday, school holidays nor vacation days. 2.—Purchaser must be a student of Dunbar township high school, and must not be over 18 years of age."

Stricter orders have been given car crews, it is claimed, not to haul the pupils after they pass the designated stop, Leisening Junction, without collecting additional fares. The company did agree to hold the cars for five minutes in order that connections should be made, but during the past two weeks there has been scarcely a time when connections have been made and the pupils have been obliged to wait on the street in the prevailing storms and cold from 15 to 30 minutes, and sometimes longer. On one occasion they waited to Wheeler to avoid frozen feet from standing on the street in the cold. This exposure to the cold and weather has resulted in the pupils contracting colds and endangering their health.

Parents of the school and the pupils are up in arms about it. They contend that the West Penn has a right to protect the passengers.

**FIREMEN'S MEMORIAL****Rev. J. O. Bishop Will Deliver Sermon to  
South Connellsville Department.**

Rev. J. O. Bishop, pastor of the church of the Evangelical Association at South Connellsville, will deliver the memorial sermon to the members of the South Connellsville Volunteer Fire department Sunday evening, the service starting at 7:30 o'clock.

Rev. R. C. Miller of Indiana, conference presiding officer, will speak in the morning at 10:30. The other services will be held as usual. Evangelistic services will be held all next week.

The sermon to the members of the New Haven Hose company will be delivered Sunday evening at the Methodist Protestant church by Rev. J. H. Lamberton.

**REV. MILLEN TO SPEAK****Scottdale Man Will Be Here for U. P.  
Festival During Next Week.**

Evangelistic services in the United Presbyterian church will be held each evening next week by Rev. H. W. Milson of Scottdale as the speaker.

Monday evening will be Sunday school evening, when all members of the school are urged to come out. Tuesday evening will be for Mrs. Wednesday evening for everybody and Thursday evening for women. There will be special music by a chorus choir each evening. A meeting of group leaders and personal workers will be held at the close of the Sunday evening service.

**MAYOR BUYS COLONIAL INN****Ruth Mansion Will Be Relocated on the  
West Side; Bricks \$1450.**

The Colonial Inn was sold this afternoon to Mayor John Duggan for \$1450. It will be taken down by him and remodeled into a home for himself to be erected in Greensburg next summer. The mayor also bought the house for \$250. He will give it to his son, John, who has some fine animals.

W. D. McGinnis purchased the stable for \$450; Alfred DePohl the garage for \$75. W. D. McGinnis the shrubbery for \$50, and Mayor Duggan two east iron urns for \$5.

**BIG SHIPMENT OF SHOES****Approximately 1,000 Pairs Come to  
Directly to Dunbar.**

Forty-seven boxes of men's and boys' shoes, approximately 1,000 pairs, from the Army shoe factory at Greensburg, Connellsville, will be shipped to Dunbar this afternoon by the Pennsylvania Railroad. They will be placed on sale Monday morning at the shoe store in the old Smith street building in North Sixth street west side, where other surplus goods have been sold. The prices will be the same as before. There are also a good band of blankets.

**FEDERAL OFFICERS  
FIND STILL RUNNING  
IN SPRINGHILL TWP.****Joseph Flaminio, Coal Miner, Is Ar-  
rested and Held for United States  
Court; Outfit Confiscated.**

In a lonely spot in Fayette county, five miles from Point Marion, revenue agents yesterday morning discovered a still in full operation. They arrested the alleged operator, Joseph Flaminio, a coal miner of Springhill township, seized the still and 120 quarts of moonshine whisky. Flaminio was taken to Pittsburgh and arraigned before United States Commissioner Roger Knox, who held him for the May term of federal court.

The arrest of Flaminio resulted from a search of several days for the still. The revenue officers, H. B. Rodgers and H. J. Signs, located the still in a hut. While the officers were waiting for the return of the owner several visitors called at the house. One of the latter told revenue men he was there to borrow a horse, another had been engaged to do some moving and a third gave another reason for his visit.

Nevertheless, none of them cared to wait the coming of the alleged operator of the still and left the revenue men in sole possession of it. When Flaminio arrived he is alleged to have admitted ownership of the still.

The still, one of home manufacture was a very crude affair. Included in the confiscation was a copper kettle used in connection with the manufacture of the drink. The capacity of the still was five gallons.

**NEW YOUGH ROAD****Route from Greensburg via West  
Newton to Fayette Assured Soon.**

Special to The Courier.

GREENSBURG, Jan. 24.—Westmoreland county from the southwest in Greensburg, through to the Youghiogheny river region, will soon have excellent direct connection with Fayette county. Contractors have about completed the three-mile section immediately beyond West Newton and a contract has been let for the remainder of the unimproved part of the route from Arona, yet it now develops that the boroughs of Madison and Arona are not provided for and there will likely be these two unimproved gaps remaining.

Efforts are being made to fill these places in to line and to give the continuity of improvement. Likely the Monacaen board of trade will help what it can. Also Westmoreland county officials only last week again reiterated their preference for state aid for completion of the river bridge road improvement between Webster and Belle Vernon. This will be done in 1920, if the state will act, and certainly in 1921, after the new legislative appropriation for roads. Monacaen will complete its road around the town idea by building the Tenth street extension to the cemetery, and likely it will be taken up and advertised at the next meeting of council. Another project that will likely be taken up is that section of the road below Webster to the Allegheny river.

**TWO MORE WELLS IN****One at McKeesport Starts With Two  
Million Feet, Other Five.**

Two additional gas wells were brought in in the McKeesport field late Thursday and yesterday morning. The Cox-Kearney well, on the Peterson plan, near Snake Hollow, came in with a flow of gas estimated at between 2,000,000 and 3,000,000 cubic feet per day. The Foster well on the Stewart here property came in late Thursday with an estimated flow of from 5,000,000 to 8,000,000 cubic feet per day. The drills were 15 feet in the Speerly sand when gas was struck.

**DR. HILL AT DAWSON****Methodist Superintendent Will Speak  
Also Sunday at Bryan Church.**

Dr. J. J. Hill of Pittsburgh, superintendent of the McKeesport district of the Methodist Episcopal church, will preach in the Cochran Memorial church at Dawson tomorrow morning. Sunday afternoon he will preach in the Bryan Methodist church, Lower Tyrone township, Rev. H. A. Dunn, the pastor, will conduct the services Sunday evening at the Cochran church.

Dr. Hill and Rev. and Mrs. Dunn will be guests at a dinner to be given tomorrow by Mr. and Mrs. Byron Cunningham of near Dawson.

Rev. Fulmer at M. P. Church.

Rev. Fulmer, pastor of the Church of God of Mount Pleasant, will preach tomorrow afternoon at 2:30 o'clock in the Methodist Protestant church of this city. Rev. Fulmer hopes to organize a congregation in Connellsville.

Enlists in Navy.

Thurp Wickertson of Monacaen enlisted in the Navy at the local sub station yesterday. He will select his branch he wishes to take up after arriving at the training school.

**TO DRILL FOR GAS  
IN AND ABOUT THE  
TOWN OF LAYTON****A Company Formed to Develop  
a Tract of 90 Acres in  
That Vicinity.****BEGIN WITHIN 60 DAYS****At Least Three Wells to Be Sunk to  
Test Territory; Only acreage Not  
Under Lease to Big Companies for  
15 Years or Longer; Gas Is There.**

Gradually the McKeesport gas and oil exploration is extending its way eastwardly. Considerable activity has been in progress in the vicinity of West Newton and other points in Westmoreland county. The most recently organized project is to have a company of 90 acres, upon which the operations will be conducted. These are the Wiggins tract of 78 acres, and about Layton, and the Baker tract of 12 acres adjoining, both on the north side of the Yough.

These tracts were the only farms in that vicinity which have not been under lease to the Greensburg Gas company for a period of 15 years or longer. These properties were in the meantime passing through the orphan's court in the settlement of estates, and it was only quite recently that these estates were settled and proper authority could be secured to execute leases. Mr. Edwards had been keeping close watch upon the proceedings, and was quick to seize the leases at the very first opportunity.

For the purpose of drilling at least three wells to test the territory, Mr. Edwards has organized the Layton Gas & Oil company, a partnership. He is president; Dr. R. P. Kammer of Perryopolis, vice president; L. E. Bryan, secretary, and H. A. Tipper, treasurer. A contract has already been entered into with a driller who expects to be upon the ground with his rig and start drilling within 60 days. An expert well locator has staked the field and indicated where the three wells should be drilled. The first will be sunk on the Wiggins tract. The fact that the Greensburg and Peoples companies have leased up the territory so completely, and kept the leases alive over so long a period, is taken as an indication that gas in paying quantities can be found whenever it suits the needs of these companies to sink a well.

Gas has been found in this vicinity, a well at Layton having been brought in several years ago and still producing.

**DUNBAR ENDORSES NEW****BRIDGE; COST MILLION****MAYOR DUGGAN TOLD****Estimate As to Expense Given to Con-  
nellsville Executive By Engineer,  
He Says.**

Special to The Courier.

DUNBAR, Jan. 24.—The people hereabouts are in hearty sympathy with the movement to secure the proposed bridge over the Yough at south Connellsville. This bridge is badly needed and should have been granted by the grand jury that refused it some two years ago. There is no other place in the county where the people need the accommodations more, as hundreds of foot passengers would be in error if they now have to trespass on the B. & O. at the risk of prosecution. Once this bridge is granted an improved highway will be located and begun from the south terminal of the bridge east of the railroad and clear of them, up through Dunbar to Uniontown, making a safe, short, and very convenient way for the thousands who use along the route and the thousands of others who desire a conduct business and seek pleasure.

If South Connellsville keeps up the work Dunbar will heartily second the motion and help make the proposition a reality.

At the dinner given by Mayor John Duggan Thursday evening to members of council, city and former city officials and Dunbar Mayor W. D. McGinnis at the Columbia hotel, the mayor said he had been informed by an engineer well known in the Connellsville region that a bridge over the Yough at south Connellsville would cost a million dollars.

MEETINGS POSTPONED

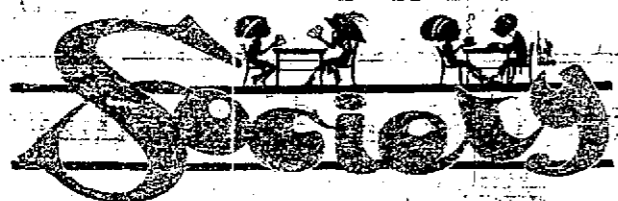

Americanization gatherings are called off by Committee.

The Americanization meetings which were to have been held last night at Star Junction and Perryopolis, were postponed. The changing of the date for the meetings was necessitated by the inability of Mr. Clyde K. Keller to be present.

### SUPERINTENDENT J. E. ANGLE

#### IS TENDERED PARTY

A birthday surprise party was tendered Joseph E. Angle, general superintendent of the Fayette County Gas company, at his home in Hillcrest last night. The affair, arranged by Mrs. Angle and the employees of the company, was a thorough success.

About 35 persons, including employees from all over the plant of the gas company, attended.

Mr. Angle was presented with a handsome leather traveling bag by the employees. Walter Clabaugh of the Connellsville office made the presentation speech.

The house was beautifully decorated with Japanese lanterns, dandelions and other amusements were indulged in throughout the evening. Walter Clabaugh gave violin solos and Miss Margaret Thompson of the Uniontown office sang a solo. Miss Bess Palmer of Scottsdale gave a reading.

Out of town guests attending were Mr. and Mrs. John Angle, Miss Edna King, Miss Sarah Messmore, Mr. and Mrs. Blaine Morris, Mr. and Mrs. Thomas Miller, Miss Edna King, Miss Margaret Thompson, Miss Bess Palmer, Miss Lida Richey, Youngwood.

#### Celebrate Wedding Anniversary.

Mr. and Mrs. Thomas Matthews, former well known residents of Connellsville, celebrated their 50th wedding anniversary yesterday at their home in Uniontown with a family dinner. Mr. and Mrs. Matthews were married in Uniontown, January 23, 1870, by Rev. R. S. Smith, then pastor of St. Peter's Episcopal church, Uniontown. Mrs. Matthews' maiden name was Miss Mary Agnes Thorndell. All the children and grandchildren of Mr. and Mrs. Matthews attended the celebration. While the family marched into the dining room where an elaborate turkey dinner was served at 5 o'clock, George Matthews, a grandson of the couple, played the wedding march. A color scheme of gold and white was put in the decorations. Among the guests were Mr. and Mrs. George H. Matthews and children, George, Thomas, Jr., Harry T. and Mary Alice Matthews, Miss Jennie Matthews, of Uniontown; Mr. and Mrs. Edward Emory and son, Thomas Matthews, Emory, of Scottsdale, and Mrs. P. M. Butterman of this city, a sister of Mrs. Matthews.

#### Meeting Night Changed.

At a recent meeting of the Daughters of Israel, it was decided to meet hereafter, on the second and fourth Wednesday nights of each month instead of the second and fourth Tuesday nights. The next regular meeting will be held Monday night in the parochial school hall. A large attendance of members is expected.

#### Leap Year Party.

A leap year Valentine party will be held Wednesday evening, February 24, in Odd Fellows' Temple for the benefit of the Women's Guild of the Trinity Episcopal church. A program will be rendered and refreshments served.

#### Bible Class Organizes.

The Adult Bible class of the Trinity Episcopal church met last night at the home of Mrs. John Wilgus in South Connellsville and organized by electing the following officers: President and teacher, J. W. Greaves, Jr.; secretary, Mrs. Paul Gerke; treasurer, Mrs. W. H. McElhinney. An interesting paper on "The Life of Saint Peter" was read by Mr. Greaves. At the conclusion of the business meeting refreshments were served by Mrs. Wilgus. The Trinity Adult Bible class was chosen as the name of the class. At the next meeting, to be held Friday evening, February 20, at the home of Mrs. T. G. Kincaid in West Cedar avenue, a paper will be read by D. Taylor.

#### Guests at Dinner.

Misses Marie and Jane McGuire and

Margaret and Catherine Hart and Albert Rose of this city, and Mrs. Harold Hartman of Lebanon, Pa., were guests at a dance given last evening in Reish's auditorium, Meyersdale.

#### Mrs. Stahl Receives Gift.

Mrs. E. N. Stahl, who leaves soon for her new home in St. Petersburg, Fla., was presented with a handsome gift glass dish at the semi-monthly meeting of the Ladies Aid society of the First Baptist church, held last night in the church with Mrs. Joseph Dixon as hostess. The dish was a gift from the society. Mrs. Stahl is the presentation speaker. Mrs. Stahl has been chairman of the program committee of the society for a number of years and was one of the organizers most faithful and untiring workers. The meeting was largely attended and was one of interest. During the business session it was reported that work of getting the money in readiness for the new pastor and his family was about completed. The society's study at the church will be ready for use upon the arrival of Rev. Edwards. Plans for a social gathering were also made. Mrs. Stahl, who is a member of the society, was a guest at the meeting. The next meeting will be held Friday evening, February 6, at the home of Mrs. P. C. Rose in North Pittsburg street.

#### Mrs. O'Hara Is Hostess.

Miss Mary O'Hara is entertaining the D. A. U. ### TRIO PLEASES

Young Women Performers Render Excellent Musical Program.

One of the best numbers ever given on an entertainment course at the high school was presented to Connellsville music lovers last night by the "White House" Trio, assisted by George H. Sifton, baritone.

Every member of the company was an artist of rare ability. With their unusual capability in rendering classical productions and individual personality, the trio of young women immediately won the admiration of the audience which filled the auditorium.

Some of the best known musical selections were rendered by the artists. Trio, duet and solo numbers were given by all. Miss Martha Whitmore was considered exceptionally good on the cello, and Miss Eleanor Whitmore, violinist, held the audience with the expression she drew from her instrument. Miss Marion Carley easily has the distinction of being the best pianist ever heard on a lyceum course number.

### Real Marriage.

Announcement has been made of the marriage of Miss Bertha Real, daughter of Mrs. Lucinda Real of Murphy avenue, and Lewis Marrott of Vanderhill. The ceremony was quietly solemnized Wednesday, January 14, in the newly furnished home of the bride and bridegroom at Vanderhill. Rev. D. C. White, pastor of the Vanderhill Presbyterian church, officiated. Mr. Marrott and his bride are well and favorably known. The former is the grocer business at Vanderhill. Mrs. Marrott is a sister of Mrs. J. H. Cook of this place.

### Children's Colds.

Every parent can add to the health of the community and his or her peace of mind by guarding against coughs and colds. When your child has a cold, get watery eyes don't hesitate to take him from school for a day or two so that you may break up the cold by having contracted. You are perfectly safe in giving Chamberlain's Cough Remedy to your children as it contains no opium or other narcotic. It acts on nature's plan, loosens the lungs and opens the secretions, helping the system to throw off the cold.—Adv.

## DUNBAR TOWNSHIP

CITIZENS COMPLAIN AGAINST WEST PENN

Continued from Page One.

trous of the road from unnecessary and dangerous exposure, and that in order to do so the company should either erect a waiting room at the junction or carry the pupils over to the waiting room in Connellsville where connections can be made without exposing the pupils. They contend that this can be done without additional cost to the company, as the cars have to go over there, anyway. The patrons have gone to the school board about the matter, and they place the entire blame on the officials of the West Penn, claiming that they have done all that can be done, even to going to Pittsburgh and taking the subject up with the president, and that the people will have to take a hand themselves if they hope to accomplish anything.

As a result of this, a petition is being circulated and individual letters are being sent to the Public Service Commission of the state and complaints being forwarded to the State Department of Health, giving the facts in the case, and calling special attention to the exposure the arrangement forces on the pupils. They are inquiring whether a public service corporation which has already made the claim before that commission that it had made special rates to school students can thus subject these students to whom they claim to have made a lower rate to exposure that endangers their health, without order from the commission to provide adequate shelter from storms and cold at the junction, or carry them over to where such accommodations are provided. Similar questions are being framed for the state board of health, and it is probable within a short time the company will be called upon to answer inquiries and make amends. At least, that is what the people expect, and they will hardly be satisfied with anything less.

### Coughed Night and Day.

John Vognue, Elberton, Ga., writes: "Last fall, when my neighbors were down with influenza, I took a severe cold and before I was aware of it, I coughed night and day and my throat was raw and sore. I got a bottle of Foley's Honey and Tar Compound and took eight small doses in two hours. My condition began to improve, and in a few days I was as well as ever. In my opinion, Foley's is the best cough medicine made." Sold everywhere.—Adv.

## Why Bread Is Your BEST Food

Just think of the wholesome ingredients in a golden-crusted loaf of Bread.

Bread is rich in every substance that will maintain your health and vigor.

Flour is the very heart of wheat. It builds your tissues and gives you an abundance of energy.

Sugar is a mighty, force-giving food.

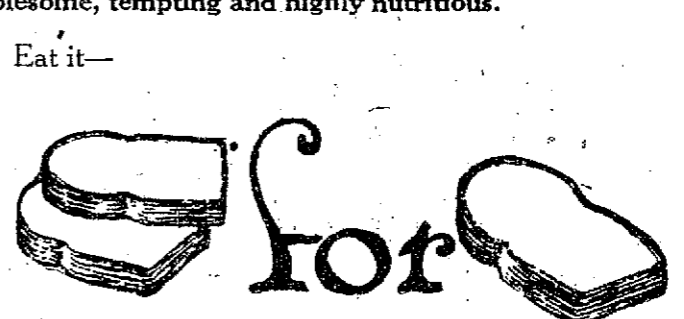

Compressed yeast is a highly concentrated food, rich in vitamins—the natural food-element absolutely essential to life.

Even a pinch of salt in a loaf of Bread has a part to play—aiding digestion and making bone.

And Bread, with its unparalleled nutritive value, is the least expensive of all foods—the only economical food today.

Connellsville baked Bread is Bread at its best—always wholesome, tempting and highly nutritious.

Eat it—

## MANY ILLS LEFT BY THE MEASLES MADE TO VANISH

Experienced Man Tells Timely Story, With the Disease Abroad in the Land.

A New York press dispatch dated Jan. 12, 1920, declared that 3,221 cases of measles had been reported by the city's health authorities. "In the last few days," from other sections of the country come disturbing reports of like terror, so that the following statement is timely reading:

For seven or eight years following an attack of measles I had been troubled considerably with nervousness, restlessness, which I doctored without getting any relief. My legs and arms shook and at times had dizzy spells, particularly after any exertion or excitement. Naturally my sleep and rest were affected and I would wake up tired. I am using Nerv-Worth and cannot speak too highly of it. My entire condition is greatly improved. The nervousness has nearly disappeared and I can sleep and rest well and feel fresh upon rising in the morning. My appetite and digestion have improved and my condition as a whole is better than for years.

L. A. PHILLIPS  
Dunns Station, Pa.

Nerv-Worth lies abroad in signed statements proving the medicine's power to banish the dangerous after-effects of influenza, nerve-wrecking accidents, fevers, colds and the like. Now Mr. Phillips comes forward to show how it overcame serious illness in the wake of the measles.

### AFTER GARDEN PLOTS

City Farmers Getting Ready to Commence "War Garden" Plan.

Even though it is rather early to begin talking city lot gardens, an evidence that this form of raising green goods for private use is going to be more popular than ever, is the effort being made by a number of persons to get permission to use vacant lots as "farms."

In order to get the most desirable locations some people are already applying to the owners for permission. The city lot gardening plan came into being during the war when everyone was urged to produce all that was possible, and since the close of the struggle the idea has continued to thrive. Many with a "back to the farm" ambition, are satisfying their desire for outdoor work by handling the hoe in the evenings. Connelville's council has already gone on record as favoring the daylight saving plan which will insure plenty of time for evening farming. It is a fact that there are few desirable locations in the city which are now allowed to grow up in weeds during the summer.

THE UNIVERSAL CAR

Only a Limited Number of Ford Cars

There are mighty good reasons why you should buy your Ford car now. But the biggest one is that there are only so many Ford cars—just a specified limited number—allotted to this territory. Those who buy their cars now will be wise. They will have them to use whenever they wish.

Don't put it off—next spring, even next month, is an uncertainty. We cannot take orders for spring delivery. Even now, we must have signed bona-fide orders before our monthly allotment is shipped us. So the only way for you to be sure of getting a Ford car is to order it now. Get your name on an order. It is your protection.

Again we tell you, the allotment for this territory is limited and you must buy now while deliveries are possible. As ever, the demand for Ford cars is way in advance of production. So, it's first come, first served. Spring, summer, autumn and winter are all the same to the Ford car. It is a valuable servant every day of the year. Rain or shine, it is ready for your demands. Buy now and get prompt delivery. You won't have to store it. You can use it. Buy now while the buying is possible.

## VISION AND CO-OPERATION.

The repaving of Crawford avenue has so long been an obvious need that a public meeting of citizens is not essential. In order to decide upon what should be done, but such a gathering is desirable as a means of discussing how the improvement should be made and the best method of financing it.

At the same time an opportunity will be provided to secure an expression of opinion upon the subject of street paving as applied to the city as a whole and to related improvements in the vicinity.

As every taxpayer is aware the system of street improvements, as has been practiced in Connelville and other towns and cities, has been neither successful, equitable nor satisfactory. Almost everywhere there has been too great haste to increase the mileage of paved streets without prudent regard for the permanency of the work.

Again, many sections of the city have gone along, year after year, witnessing the paving and re-paving of certain streets without so much as a brick having been laid on others. This has resulted in such an inequitable distribution of improvements that taxpayers have had real cause for grievance, hence cannot fairly be criticised when they display lack of enthusiasm for and interest in improvement proposals, in the betterment of which they do not share except in a "very remote" matter.

How to provide a plan that will remedy this condition and at the same time permit urgently necessary repairs, like those on Crawford avenue, is a problem the city council will do well to draw upon the citizens as a whole for hints or suggestions as to a method of solving it.

With the tremendous increase in vehicle traffic, particularly of heavy automobiles and trucks, the question of permanency of a roadway becomes of increasing importance if the consideration of highway improvement plans, if a street or road is constructed from the proceeds of a bond sale, and is of such character that it is to be rebuilt before the bonds have come to maturity, or have been retired.

No one except Vice President Marshall could have ever conceived of placing the Fayette County Bar Association in the street girl graduate class of "refreshing, invigorating and blushing modesty." But has Mr. Marshall ever been in Connelville?

Regal co-operation has no "back fire." A public meeting of citizens ought to find a way to iron out the wrinkles in "Washington" avenue, as well as smooth out some other difficulties.

There the Resemblance Ceases. Washington, Ohio, in one way, has a splitter, only Bryan splits the Democratic party; Lincoln, on the other hand, has a splitter, only Bryan splits the Democratic party; Lincoln, on the other hand, has a splitter, only Bryan splits the Democratic party.

Poor Distribution, Not Shortage. Omaha World-Herald. Labor also is poorly distributed. There are not enough janitors everywhere and Switzerland is full of deposed kings.

Bright Men Needed. Los Angeles Times. Bright men are in demand in the business world. They are needed to think up new reasons for boosting prices.

Just Folks. Baker A. Guest. So little of joy for the average man. Said one with a sad face: "Though he labor and struggle as best he can, the world is run on a crooked plan. For his is a dismal place: By the sweat of his brow he must earn his bread. He must walk life's mill with a ceaseless tread. And count on the feathers that flit his bed. And many his hours of pain: He gives his best to the role he plays. But poor are the wages his master pays. And his heart is torn in a thousand ways. And ever his hopes are slain."

ANSWERING A QUINCY. So little of joy for the average man. Said one with a sad face: "Though he labor and struggle as best he can, the world is run on a crooked plan. And many his hours of pain: He gives his best to the role he plays. But poor are the wages his master pays. And his heart is torn in a thousand ways. And ever his hopes are slain."

CONNEVILLE HAS VERY ACTIVE citizens that the time has come for Connelville to consider its municipal affairs with larger vision. That vision must not be restricted in its range by ward or other divisional lines—it must take in the whole of Connelville, its environs and the adjacent districts, the growth and prosperity of each of which is inseparably interwoven with that of the other. Similarly the observation of Mayor Egan that an improvement must be the keynote of an improvement campaign must not be given a one-sided application, or assume the form of lip-service, to be followed by a stab in the back or sandbagging in the dark.

## THE TREND "KEEPS TRENDING."

While the ruthless campaign against the high cost of living continues with about the same degree of ruthlessness as the campaign against the "Reds," the trend of prices continues its uninterrupted course. Of this fact we have the testimony of Dr. Royal Meeker, commissioner of statistics of the Department of Labor, who has acquired the habit of obtaining forbidding figures into the campaign for lower living costs upon unassuming occasions.

In an address delivered in Newark, N. J., last night Dr. Meeker declared that the prices of living commodities were higher in December, 1919, than in any previous month in history, but January, 1920, promises to set a new high record.

Food in December cost almost twice as it did in the same month of 1913, he said. The average increase in wages has not kept pace with the increased cost of living, Dr. Meeker added, declaring that "the average family today does not live as well as it did in 1913."

**Annual Class Meeting.**

The Men's Bible class of the Re-Union Presbyterian church held its annual meeting Thursday evening. Reports from the various departments were heard and the following officers elected for the coming year: President, J. P. Werkman; vice president, Joseph Grant; secretary, A. B. Pershing; treasurer, A. L. Cooper; teacher, S. C. Stevenson. Mr. Stevenson was also elected chairman of the various committees. After the business session the class proceeded to the dining room where three tables laden with good things to eat awaited them. Rev. J. E. Hartman presided as toastmaster. Talks were given by various members of the class which were enjoyed by all.

**U. B. Class Entertained.**

Mrs. Robert Burkholder entertained the Girls' class of the United Brethren Sunday school, of which she is the teacher, at her College avenue home last evening. Games were played and refreshments served.

**At Meeting of Nurses.**

Mrs. Katherine Hamel, Mrs. Homer Rumbaugh and Miss Pearl Rhoades attended a convention of nurses in Pitsburg on Thursday afternoon.

## BAD BRONCHIAL COUGH FOR 36 YEARS

Mrs. Bice finally stopped it, without changing climate.

"I had bronchitis for 36 years. When I was 2 years old, I had whooping cough and it left me in an awful state. I took hundreds of dollars worth of medicine, with but little relief. I had to sit up in bed all night and cough and choke until my eyes nearly burst out of their sockets. I could not afford to change climate.

"Finally my husband urged me to try Milk's Emulsion, saying it didn't help me. I could get my money back. I tried it and have continued to use it until now my bronchial tubes are free and clear and I can breathe with ease. When you think that I had this dreaded disease all my life, you can see why I want everybody to try Milk's Emulsion."

Mrs. Anna Bice, 1481 Wendall St., Columbus, Ohio.

Sprays and gargles and local remedies do not touch a cough of this kind. The system must be built up to throw it off.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose weakness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price six and \$12.50 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.—Adv.

## Rheumatism Left Him As If By Magic!

Had Suffered  
Over 50 Years!

Now 83 Years,  
Yet A Big  
Surprise  
to Friends

Regains  
Strength  
Goes out  
Fishing,  
Back to  
Business,  
Laughs at  
"URIC  
ACID"

How the  
"Inner  
Mysteries"  
Reveals Startling  
Facts Overlooked  
By Doctors and  
Scientists For Centuries

"I am eighty-three years old and I doctored for rheumatism ever since I came out of the army over fifty years ago," writes J. B. Ashelman. "Like many others, I spent money freely for so-called 'cures,' and I have read about 'Uric Acid' until I could almost taste it. I could not sleep nights or walk without pain; my hands were so sore and stiff I could not hold a pen. But now, as if by magic, I am again in active business and can walk with ease or write all day with comfort. Friends are surprised at the change."

HOW IT HAPPENED.  
Mr. Ashelman is only one of thousands who suffered for years, owing to the general belief in the old, false theory that "Uric Acid" causes rheumatism. This erroneous belief induced him and millions of unfortunate men and women to take wrong treatments. You might just as well attempt to put out a fire with oil as to try and get rid of your rheumatism, neuritis and like complaints, by taking treatments supposed to drive Uric Acid out of your blood and body. Many physicians and scientists have found that Uric Acid never did, never can and never will cause rheumatism; that it is a natural and necessary constituent of the blood; that it is found in every new-born babe; and that without it we could not live!

These statements may seem strange to some folk, who have all along been led to believe in the old "Uric Acid" humbug. It took Mr. Ashelman fifty years to find out the truth. He learned how to get rid of the true cause of his rheumatism, other disorders, and recover his strength from "The Inner Mysteries," a remarkable book now being distributed free by an authority who devoted over twenty years to the scientific study of this particular trouble.

NOTE: If any reader of the Courier wishes the book that reveals these facts regarding the true cause and cure of rheumatism, facts that were overlooked by doctors and scientists for centuries past, simply send a post card or letter to H. P. Clearwater, No. 744-C, Street, Hallowell, Maine, and it will be sent by return mail without any charge whatever. Cut out this notice test, you forget! If not a sufferer yourself, hand this good news to some afflicted friend.—Adv.

## GREATER PIG IRON PRODUCTION WAITS ON LARGER COKE OUTPUT

Gain in Latter, Much Slower  
Than Furnacemen Would  
Like to See.

### NO OPEN MARKET OFFERS

Time of the Removal of the Government Limit on Price Still a Matter of Speculation; Interpretation of Contracts More Interesting.

Special to The Weekly Courier. PITTSBURGH, Jan. 21.—While all blast furnace owners are anxious to run their stacks and produce the greatest amount of pig iron possible, the production of coke, both in the Connelville region and at by-product plants, increases with painful slowness and the supply is still far short of the requirements.

Generally speaking there are increases in production from week to week and there is also improvement in deliveries to blast furnaces from coke long on the road, finally arriving at destination, but the wants increase likewise and the difference between supplies and requirements is practically as great as at any time.

The coke market is altogether uneventful. Scarcely any tonnage has become available for offering in the open market in the past week, and when any coke is found in the open market it is generally off grade though held at the full price.

There continues to be some speculation as to when government regulation of the market will be removed, but interest in this subject has largely given way to discussions as to the manner in which various contracts made prior to the reinstatement of government control should be interpreted and carried out at the present time. No serious question, however, has arisen as to contracts involving the same as or less than the government price limits now imposed again. The main point about such contracts is that buyers are anxious to have better deliveries.

The market remains quotable at government limits, as follows:

Furnace ..... \$2.00  
Foundry ..... \$1.75  
Crushed ..... \$1.50

Production of pig iron and steel gives promise of even greater expansion than was expected a few weeks ago. Labor conditions at mills and furnaces have greatly improved, and there is now little complaint, relatively speaking, of labor shortage. The matter of efficiency of labor never was of great moment at blast furnaces, but at steel mills tonnage outputs have been limited by the efficiency of labor, and with more efficiency the tonnage outputs are greater, so that the requirements in pig iron are increased. Thus the output of pig iron consumption has materially improved. The real consumptive demand is not seen at the moment, for the condition is simply one of all the coke supplied being promptly consumed. There is clearly room for the absorption of much heavier supplies of coke than are now being furnished.

Bessemer and basic pig iron are quotable a dollar a ton higher than a week ago. The advances occurred by the making of relatively small sales, as the market is not active, largely because furnaces are very reserved about making sales. The continuance of the coke shortage makes them realize estimates as to the prospective make and therefore as to the amount of pig iron they can sell. A considerable tonnage of basic iron has been put under contract for first half delivery at prices dependent upon the market from month to month.

The large lot sales of Bessemer for extended delivery were at \$37.00 a ton, but fair sized lots for early delivery have brought \$40.00. Basic for extended delivery has gone at \$36.00. It is now difficult to buy foundry iron for prompt shipment at \$40.00 while the last important sales for late delivery were at \$38.00. It is not certain that any additional tonnage could be secured at that figure. The market is thus quotable as follows:

For Bessemer ..... \$37.00  
Basic ..... \$36.00  
Foundry ..... \$40.00  
These prices are f. o. b. Valley furnaces, freight to Pittsburgh being \$1.50.

## SHORTAGE OF COKE STILL HAMPERS IRON AND STEEL OPERATIONS

Shortage of Steel Expected to Continue Until July; High Costs Will Restrict Building Operations.

Special to The Weekly Courier. NEW YORK, Jan. 21.—The American Metal Market and Daily Iron & Steel Report will review the steel and iron trade tomorrow as follows:

Production of pig iron and steel is still hampered by shortage of coke, the shortage of coke being due not to decreased production but to greatly increased requirements. More coke is produced each week, but not nearly as much as is desired. The production of pig iron increases slowly when the desire is to increase production rapidly. Increase in steel production is correspondingly hampered.

The steel mills are suffering much less from labor shortage and labor inefficiency than they have even 30 days ago, and conditions in this respect are approaching towards normal at a gratifying rate, and a rate better than was suggested by many a month or two ago.

Predictions that it will be July before the acute shortage of steel is relieved are now more general; and there are few in the trade who expect the relief to come earlier. On the other hand there is less disposition to predict that the railroads will be large customers of the steel industry in the near future, except along the line of taking out the rail tonnage they have already reserved. The extremely high costs in the building trade, and the scarcity of artisans, due largely to the apprentice system, makes it improbable that there will be any unusually large absorption of steel in building during the present year.

The majority of independent pipe mills have advanced their prices 3 1/2 points, or about \$7 a net ton, thus restoring the card in force between December 12, 1918, and March 21, 1919. Purchases of sheets for second quarter delivery at premiums of \$10 a ton or more have become more common. In bare and plates higher are obtained for small prompt lots, up to 3.50 cents for carloads in each case.

# McKeesport-Standard Gas and Oil Enterprises

More than 96 per cent of gas wells drilled in the McKeesport field are producers. Some are earning \$6,000 a day. The average earning per well is more than \$1,000 a day. These facts are convincing. The gas is there.

We have leases that checker the whole field. We will drill ten wells. Each shareholder will share in ALL THE PROFITS OF ALL TEN WELLS. Two wells are drilling close to two gushers, the daily production from which sells for \$3,520. Another of our derricks is being erected. All ten wells will be drilled within a few months.

This is a permanent investment. Our organization was not formed just to sell stock and fade away. The men in it are a guarantee of its stability. Contracts have been made for the sale of our gas—at the highest market price at all times.

## TARZAN AND THE Jewels of Opar

By  
EDGAR RICE  
BURROUGHS

Author of  
"Tales of the Apes"  
"Son of Tarzan"

Copyright, 1919, by A. C. McClurg & Co.

Motioning for Chuk to follow him, he passed out of the tent by the same way that he had entered it, and walking boldly toward the village, made directly for the hut where Jane Clayton had been imprisoned.

As he approached the hut, the ape-man noticed that a crowd had collected about the entrance. Fearing lest Chuk's disguise should prove inadequate to the concealment of his true identity in the face of so many observers, he commanded the ape to betake himself to the far end of the village, and there await him.

As Chuk waddled off, keeping to the shadows, Tarzan advanced boldly toward the excited crowd before the doorway of the hut. Shouldering his way through the crowd he approached the doorway, and had almost reached it when one of the Arabs laid a hand upon his shoulder, crying: "Who is this?" at the same time snatching back the hood from the ape-man's face.

Tarzan of the Apes in all his savage life had never been accustomed to pause in argument with an antagonist. He had his unmasker by the throat and the man's words had scarce quitted his lips, and hurling him from side to side brushed away those who would have swarmed upon him.

Using the Arab as a weapon, Tarzan forced his way quickly to the doorway, and a moment later was within the hut. A hasty examination revealed the fact that it was empty, and his sense of smell discovered, too, the scent spoor of Taglat, the ape. Tarzan uttered a low, ominous growl. Those who were pressing forward at the doorway to seize him, fell back as the savage notes of the bestial challenge smote upon their ears. They looked at one another in surprise and consternation. A roar had entered the hut alone, and yet with their own ears they had heard the voice of a wild beast within. What could it mean? Had a lion or a leopard sought sanctuary in the interior, unknown to the sentries?

Tarzan's quick eyes discovered the opening in the roof, through which Taglat had fallen, and while the Arabs hesitated without, he sprang, catlike, for the opening, grasped the top of the wall, and clambered out upon the roof, dropping instantly to the ground at the rear of the hut.

When the Arabs finally mustered courage to enter the hut, after firing several volleys through the walls, they found the interior deserted. At the same time Tarzan, at the far end of the village, sought for Chuk; but the ape was nowhere to be found.

Robbed of his She, deserted by his companions, and as much in ignorance as ever as to the whereabouts of his pouch and pebbles, it was an angry Tarzan who climbed the palisade and vanished into the darkness of the jungle.

The course the ape-man was taking would carry him but a short distance to the right of them, and though he could not have seen them the wild was bearing down from them to him, carrying their scent spoor strongly toward him.

A moment more and Jane Clayton's safety might have been assured, even though Numa, the lion, was already gathering himself in preparation for a charge; but Fate, already all too cruel, now outdid herself—the wind veered suddenly for a few moments, the scent spoor that would have led the ape-man to the girl's side was wafted in the opposite direction; Tarzan passed within fifty yards of the tragedy that was being enacted in the glade, and the opportunity was gone beyond recall.

It was morning before Tarzan could bring himself to a realization of the possibility of failure in his quest, and even then he would only admit that success was but delayed. He would eat and sleep, and then get forth again. Taglat might travel far; but Tarzan would find him in the end, though he had to search every tree in the mighty forest.

Soliloquizing thus, the ape-man followed the spoor of Bars, the deer, the unfortunate upon which he had set his all to satisfy his hunger. For half an hour the trail led the ape-man toward the east along a well-marked game path, when suddenly, to the stalker's astonishment, the quarry broke into sight, racing madly back along the narrow way straight toward the hunter.

Tarzan, who had been following along the trail, leaped so quickly to the concealing verdure at the side that the deer was still unaware of the presence of an enemy in this direction, and while the animal was still some distance away, the ape-man swung into the lower branches of a tree which overhung the trail. There he crouched, a savage beast of prey, awaiting the coming of its victim.

In a moment the victim flashed beneath the limb and at the same instant the ape-man above sprang out and down upon its back. The weight of the man's body carried the deer to the ground. It stumbled forward once in a futile effort to rise and then mighty muscles dragged its head far back, gave the neck a vicious wrench and Bars was dead.

## KNIGHT BOARD AND DANIELS DISAGREE OVER AWARDS FOR MERITORIOUS NAVAL SERVICE

By Associated Press.

WASHINGTON, Jan. 24.—The Knight board is unable to agree with Secretary Daniels that naval officers who lost their lives through enemy submarine actions, and performed meritorious service in connection with such loss should be awarded high decorations; the Senate investigating committee was told Friday by Rear Admiral Knight, chairman of the board. Admiral Knight said a high decoration was not deserved unless the sinking was accompanied by offensive action against the enemy.

Admiral Knight said that in the case of Commander D. W. Bagley, Secretary Daniels' brother-in-law, no decoration was recommended for any circumstance in connection with the sinking of the destroyer Jacob Jones, because Commander Bagley did not engage the enemy. A Navy cross was recommended for the officer, he said, for good seamanship displayed in taking off the crew and passengers of the torpedoed British steamer Orana. Commander Bagley was not recommended by his immediate superior, he said, for any decoration in connection with the sinking.

Property in Scottdale, H. O. Welker to G. C. Friend, for \$2,500; January 7, 1920.

Property in East Huntingdon township, Catherine Crise to Harry Schwartz, for \$3,600; December 31, 1919.

## DAMAGE CASE HEARD

Further Testimony Taken in Case of Mount Pleasant Man, Injured, Special to The Courier.

GREENSBURG, Jan. 23.—Further testimony in the case of Frank C. Yates, a mute, of Mount Pleasant, against Frank De Luca, a truckman, was taken before Referee L. E. Christy and his secretary, W. J. Graham.

On September 9, 1919, Yates was thrown from De Luca's truck and one of the wheels passed over his foot. Whether or not Yates was employed by De Luca is the question upon which the case hinges.

## URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky., Who Has Made Special Study of Catarrh.

## Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people

who don't know about this simple recipe to be constantly sniffing and sniffing, blowing and hawking. When all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Astringent—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

## Victor-Zell Wells Going Down in Proven Gusher Ground A PARTNERSHIP

Lease No. 1 is about 100 feet from Russell 12 million gusher, 200 feet from Fisher, on a direct line with the new Imping Gusher doing 85 million daily.

Lease No. 2 is in the great Five Fields, surrounded by wells producing in shallow sand.

## NOW READY TO DRILL

The derrick is on the ground; the tools are ready—as soon as the drillers can set them up drilling will start—a mere matter of hours.

## Yet \$100 Buys an equal interest in these 2 Wells

Remember gas is being produced from the very ground we drill on NOW. It is not a guess—it is not a gamble. The ground has been proven by others—you can share in the harvest.

## Sherman-Stiveson Tire & Rubber Co.

Notice to stockholders of the Sherman-Stiveson Tire & Rubber Company of Scottsdale and to those who contemplate buying stock in same. The above Company is now installing machinery and we are following our original plan of paying for everything as delivery is made. Our factory and property are paid for in full as well as the machinery we are installing. We will start the building of tires as soon as possible. It is the plan of the Company to put out the regular tire, a tire that is good for 5,000 miles or more, until our patent tire is tried out, which it found as good as it looks should make a landslide of gold into the pockets of our stockholders.

The machinery we have purchased is of the same capacity and quality as other tire companies installed that have several times our capitalization. We have been offered May for this machinery which shows how 20,000.00 above the contract price of last rapidly this kind of machinery is advancing in value.

## Why You Should Invest Now.

Because \$100.00 will purchase as much stock now as \$500.00 may later.

Because some other companies have 1000 stockholders to pay dividends to for each 100 we have.

Because some companies have given more stock away for promotion and patents than our entire capitalization.

Because we have a factory large enough to use our profits for dividends and not for putting up new buildings.

Because the advance in price of this stock may be announced at any time and your opportunity of buying at \$1.00 per share will be gone forever.

## And Remember

When you invest your money with this Company you are putting it in something with a firm foundation, something that has been built from the ground up. Every step we have taken has been one of safety for our stockholders, we have not reached the position we are in today through borrowed capital but have paid the cash which has been furnished by our stockholders and when the machinery of this plant begins to operate it will be operating for the stockholders and not for the repaying of borrowed funds and interest on same.

The wise investor of today will look for a new Company whose future has every prospect of equalling or even surpassing past accomplishments, and of all financial opportunities open today perhaps the safest and most conservative is the rubber tire business as everyone knows of the increased demand for this product.

We invite you to Scottsdale to see our factory, see what we have, see what we are doing and remember what J. P. Morgan once said, THE FOUNDATION OF WEALTH IS THE FIRST ONE HUNDRED DOLLARS (\$100.00) WELL INVESTED. The holding of 250 shares entitles you to a 25% discount on tires.

ACT AT ONCE BY SENDING IN THE COUPON BELOW.

## McKEESPORT GAS

Is the Opportunity of Your Lifetime!

This IS—  
Conservatively  
Speaking the  
Opportunity  
of any man's  
Lifetime.

WHEN GAS was struck in McKeesport hundreds here slept for weeks, only to lose hundreds of thousands of dollars. Today they are awake. When gas after gas has come in—right where they can see them—and they see the dividends being distributed—they have invested to the limit.

Three wells going down in ground now producing gas \$100 Buys a n equal share in all Three wells. This is our offer!

26 Wells Have Been Drilled  
24 are producing GAS in quantities from 1 1/2 to 40 Million feet daily

THE Victor No. 1 produces 40 million feet daily. The Hamilton lease Foster 1 1/2 million. The Philadelphia No. 1, 6 million. Philadelphia No. 2, 12 million. West well 12 million. Boone Valley 4 million. Pitts No. 1, 1 million. Pitts No. 2, 20 million. Lamp-Auld 18 million. Deuster No. 1, 20 million. These are only a few of the wells brought in during the last few months. Others come in weekly. One has been found in this field for over 25 years in shallow sand; and we do not believe there is a field in the world with a record of only two "dry wells" out of 26.

Over \$700,000. Monthly is being distributed in dividends NOW! from these 24 wells

## LOCAL LEGION FIVE TRIMMED BY COUNTY SEAT AGGREGATION

Game Is Close In Latter Period  
When Cokers Begin to  
Close Big Gap.

### JEANNETTE HERE TONIGHT

Westmoreland County Team Will Face  
High School Quintet; Unity Frater-  
nity Has Game With Scottdale  
Tuesday; Maccabees Wednesday.

After staging a thrilling come-back in the second half of the game played against the Uniontown American Legion quintet, lost, 40-32. Had the locals played with the same spirit and pep in the opening half of the game, the result might have been different.

Henry, a forward for the Legion team here, played the game better than any of the other one on either team. He lacked consistent support from his teammates however, and in scoring his eight goals he earned all of them. Henry's score was just half of the entire total run up by the Legion.

One thing was evident after the first half of the game had been played and the score stood 20-8, in favor of the visitors and that was that Connellsville had staying power. Coming back in the latter part of the game, Connellsville scored 24 points while Uniontown garnered only 20 more. The benefit of some practice secured by the locals in the past week was easily evident.

The high school Varsity plays at home tonight, the Jeannette high school quintet being the visiting attraction. The Westmoreland county team is a heavy aggregation according to reports and a game like that played against Greensburg last Saturday, resulting in a 35-13 victory for Connellsville, should be witnessed.

High school has a large number of supporters and as Jeannette is a team which has not been on the local floor, many will be out to get a line of their style of playing.

The high school girls play West Newton this afternoon at the gymnasium. The locals are after a victory to even up for the game lost at that place last Saturday. A preliminary game between the high school reserves and the Dunbar township high school reserves will be played. The preliminary is called for 2:45 o'clock.

The Maccabees will hold a practice Monday night at the Dunbar township high school in preparation for the game Wednesday with Greensburg. The Maccabee flag-up will probably be different than at any time yet when the game opens. Every member of the team is requested to be out.

High school basketball players will be seen in their new uniforms tonight. The boys made their first appearance in the new clothes at North Braddock last night.

The Unity Fraternity Ave. defeated only once on the home floor will meet the heavy Scottdale Y. M. C. A. seniors at the armory Tuesday. The Frax is confident of trimming the visitors here.

In a game played yesterday afternoon at the close of school the girls basketball team of the freshman class defeated the Second Year girl team, 12-7. The game was "thrilling" according to spectators and was a fight from the start to finish. Emma Lou Haines starred for the Second Year and Margaret Schaefer for the freshman.

## NORTH BRADDOCK HIGH TEAM TAKES OVER THE LOCAL HIGH QUINTET

Team Is Walloped by Score of 42-23;  
Locals Cannot Get the Lead.

High school lost last night to the North Braddock team in a game at that place, 42-23. The local tusslers put up a hard fight to get ahead but their opponents had the jump and did not let any advantage slip.

At the end of the first quarter the home team led by only three points and was not able to increase this lead up to the close of the first half, when the score stood 18-13. Connellsville was seven points behind at the close of the third quarter, with a tally of 31-20, and in the remaining ten minutes Braddock increased this lead.

The score:  
C. H. S. 29 N. B. H. S. 42  
Bu-fano 10 F. S. 10  
De-voll 10 F. S. 10  
Jones 10 F. S. 10  
Francis 10 F. S. 10  
Menefee 10 F. S. 10  
Substitutions—M. Melnick for Driscoll.  
Field goals—McClure 6, Jones 4, Bosworth 3, Stahl 3, Bu-fano 2, Hartman, Melnick.  
Foul goals—Bu-fano, 15 out of 20; Thomas, 15 out of 23.  
Referee—Weitzel.
